Customer Reviews

For any fan of the constantly evolving genre of the Western tale, Paul Green's™s
"Encyclopedia of Weird Westerns" is a must have. Every nuance of both the classic
and the extraordinary have been thoroughly researched and organized here for an easy to
comprehend and interesting read, all in one. I found many inclusions of Westerns that I grew up
loving, as well as an introduction to those that I was not familiar with. Having this encyclopedia, and
going through the titles has also given me opportunity to discover new adventures and to increase

my list of favorite films. I would highly recommend this encyclopedia to anyone who loves Westerns, and the still evolving Science Fiction/Fantasy cross-overs. I'm pleased to have it in my library.
