Customer Reviews

This book read as though it was written by someone that speaks English as a second language. The book is dull and unimaginative. I struggled to finish it.

It seems to be by men kind of boring

Kind of predictable.

I really enjoy this book it was definitely hot and heavy my girl and I took turns reading different story to each other I'm definitely looking you up on

Well developed short stories. Far from routine. Loved the last one! Well worth the experience. Look forward to more from the author.
