Standard Catalog Of Civil War Firearms

Synopsis

Readers will appreciate the value of "'Standard Catalog of" Civil War Firearms' because it combines historical, identification, and pricing information in one handy volume. A great deal of advancement in metallurgy and weapons design occurred during the Civil War as people on both sides of the conflict struggled to find better ways to bring a swift end to the war. These new designs are the basis of our modern weapons and spark the interest of historians and collectors. Unlike other Civil War collecting guides that deal with firearms only incidentally (if at all), "'Standard Catalog of" Civil War Firearms' focuses on firearms only. The reader is told how to identify a particular model and what its approximate current value is. In addition, each firearm is given a '1 to 5 rarity index' rating that will guide the reader's buying decision when he or she is contemplating a purchase. No other firearms price guide offer this unique blend of features.

Book Information

Series: Standard Catalog

Paperback: 256 pages

Publisher: Krause Publ; First Edition edition (April 8, 2009)

Language: English

ISBN-10: 0896896137

ISBN-13: 978-0896896130

Product Dimensions: 10.6 x 8.1 x 0.8 inches

Customer Reviews

John F. Graf is editor of Military Trader magazine and author of "Warman's" Civil War Collectibles: Identification & Price Guide.

This is by far the very best reference book I have ever seen for civil war firearms. Example.... most books might mention that a Colt revolver had more than one make. This book will tell you that there were 4 different models. The serial numbers where the changes took place. The slight differences in the models. Even what to look for with fakes, and what post war models will look like. If I could only

have one reference book on firearms, it would not even be a contest, this is the book. What I like the best about this book is that you do not have to read twenty pages to understand the history of a firearm. It is brief, and to the point. Very detailed information.

This book is a very good catalog of Civil War firearms and I recommend it to those who are not BIG TIME collectors and already know all of what is in it - and that is not me!

satisfied

This is a great book if you are a Civil War buff. It is very complete and the pictures are well done. I like the glossy photos and the color and the details of the photos. I recommend this book for all who enjoy the guns of that era. Well Done!!

Great pictures, detailed descriptions, excellent addition to any Civil War library.

good reference manual

This book is outstanding

Good book
