# Pattern Voir Dire Questions

## Synopsis

Here are 1,700+ trial-tested voir dire questions, pulled from the author's 20+ years of working with trial lawyers, to help you weed out biased jurors. Reveal the hidden juror biases that can crater your case. It is the first day of trial, and you are ready. You know the law; you know the facts of your case; you know your witnesses. The jurors are the only unknown, and voir dire is your only chance to get to know them. What questions should you ask? What questions should you not ask? What if your questions are met with stone-faced silence? What if a biased juror slips past you? *Pattern Voir Dire Questions* will help you ask the right questions, in a way that encourages jurors to speak their minds, so that you can make informed decisions about exercising your peremptory strikes. *Pattern Voir Dire Questions* gives you a model voir dire for 26 types of cases, and multiple fact scenarios. Each voir dire begins with questions about the jurors' background and case-related experiences, and builds toward more sensitive questions about jurors' attitudes toward your client and the key issues in your case. Here is a sampling of how it works: Ask the main questions (in bold-faced type) to introduce a topic; ask specific follow-up questions to get jurors talking. Tips and practical advice from an experienced trial consultant. In addition to the sample questions, *Pattern Voir Dire Questions* provides you with tips and practical advice based on author Susan Broome's 20+ years' experience working with trial attorneys.

## Book Information

Paperback: 420 pages

Publisher: James Pub (December 31, 2012)

I recently received James Publishing's Pattern Voir Dire Questions, by Susan Broome, Ph.D., and encourage others to consider this excellent compilation, covering both civil and criminal trials. I have been a trial lawyer for more than 35 years, but still often find myself preparing for trial in subject matters I've not previously encountered, worrying how to pick the best jury in light of the nature of specific cause of action and the specific facts. This book is a great source for voir dire ideas, questions, strategy and techniques no matter what the case. It is comprehensive and well organized, and includes both a hard copy and a searchable copy on disk, so that Pattern Voir Dire Questions is always as close as my laptop. Physically, this is a sturdy, quality product. The shipping was fast. The service was excellent. A fine purchase.
