Fantasy And Fairytale Art Coloring Book In Grayscale: Fairies, Witches, Alice In Wonderland, Cute Big Eye Girls And More!

Synopsis

Fantasy and Fairytale Art Coloring Book in Grayscale features 40 images to color. Taken from a variety of Molly Harrison's artwork over the years from pencil drawings to her acrylic art. Several Alice in Wonderland depictions, big eye cuties, and more! Fairies, mermaids, witches, and fantasy girls. This is a grayscale coloring book which means it has all the values from black to white - not line art. The images are on one side of the paper only but be sure to place a piece of heavy paper or several sheets of regular paper between the pages to prevent bleed through. This coloring book is suitable for colored pencils, chalk, pastels, markers, and gel pens. It is not suitable for painting of any type unless you print the images onto heavy paper. Please be sure to see Molly's other fantasy themed coloring books for more coloring fun!

another great book from molly

I can barely put this book down I enjoy it so much.

Absolutely gorgeous pictures to color.

Once again, Molly Harrison has a gorgeous grayscale book. I must have over 50 different coloring books of various genre, some grayscale some line art, but I always reach for Molly's books! This

one is especially beautiful, the big eyed fairies, witches and mermaids and yes, Alice and the Cheshire cat! Her pictures enable anyone to color like a real artist, which I am certainly not, but I kind of feel like one after finishing one of these pages! You won't be disappointed with this one!

I have several of Molly's books and this has to be the most beautiful one I have seen yet! All I had to see were the first 3 Alice pages and I was hooked!!

Another winner from Molly Harrison. I love grayscale coloring, but I'm not that great at it. But Molly makes it easier and pretty. She is on my coloring auto-buy list. I especially like that this volume is larger than most of her other volumes, containing 40 pics instead of the usual 25. To me, it's worth it for the adorable picture of Little Red Riding Hood alone!

I have a bunch of Molly Harrison's adult coloring books and this is her best one so far! This book contains beautiful gray scale images of some of her prettiest fairies, witches, vampires and some Alice in Wonderland drawings all on one side of the page. The paper is a pretty nice thick and gritty paper that will take colored pencils and pastels nicely and hold up to markers well too. If using markers, I would still be safe and place a sheet behind each page while you're working on it but I bet it will only show some shadowing and not full bleed through. This book has some of the thickest and toothiest paper for gray scale that I've seen. So get out all of your favorite mediums and have a blast using multiple ones per page to make these beauties come to life. Bravo Molly! This book is very good quality and the beautiful whimsy of each girl is a 10! I may buy another book for the sheer fun of coloring each girl again with different mediums and color schemes.
