Customer Reviews

I read this book via an -US KINDLE unlimited download. As a romance author who is also a voracious book reviewer, I read a wide variety of genres for all ages; so, naturally my favorite genre to review is romance. Romance has a multitude of subgenres, and of these, second chance romances is one of my favorites. In reading a second chance romance the characters involved have gone through a traumatic experience such as a horrendous separation or even worse a divorce, which causes them to carry a lot of baggage around afterwards. When they finally do find someone theyÃ¢ÂÂ™re fearful about history repeating itself, and it doesnÃ¢ÂÂ™t if itÃ¢ÂÂ™s the guy or the woman, they both shared the same apprehensions about falling in love again; although the woman feels it more. They must overcome their trepidations if theyÃ¢ÂÂ™re ever going to have the HEA they desire. In this book, the author, Sharilee Swaity, doesnÃ¢ÂÂ™t deal with a fictional romance; she deals with real life situations and real people. And in doing this the author analyses the reasons from why married couples have disagreements in their relationships to why their marriages fall apart. To accomplish this the author includes real life stories and studies in addition to her own personal second marriage experiences which also includes her husbandÃ¢ÂÂ™s. I loved reading the honest advice she gives to have a second marriage not have the pitfalls the marriage might have had. There is a definite need to in knowing how to overcome conflict before it gets out of control, and to resolve any disparities which might exist between either half of a marriage to the other. Perhaps thereÃ¢ÂÂ™s some truth in Frank SinatraÃ¢ÂÂ™s song Ã¢ÂÂœThe Second Time AroundÃ¢ÂÂ•: Love is lovelier the second time around Just as wonderful with both feet on the ground It's that second time you hear your love song sung Makes you think perhaps that love, like youth, is wasted on the young Love's more comfortable the second time you fall Like a friendly home the second time you call Who can say what brought us to this miracle we've found? There are those who'll bet love comes but once, and yet I'm oh, so glad we met the second time around Who can say what brought us to this miracle we've found? There are those who'll bet love comes but once, and yet I'm oh, so glad we met the second time around For having given her readers palatable information for the possibility of a second marriage being successful, in an empathetic manner, how can I not give Ms. Swaity the 5 STARS she deserves.

I loved this book on second marriages. As someone who has been married and divorced, this book spoke so much to me. The author examines everything from why our marriages broke down to why we have conflict in our marriages. I appreciated the stories, studies, and life lessons the author included. The book was positive and encouraging. It also gave genuine advice on how to navigate marriage. She also guides you on how to ensure this second marriage is a success! Some great insights on how to resolve conflict, how to deal with personality differences and parent stepchildren. She made second marriages sound palatable, possible and even desirable. If you've given up on marriage, pick up this book!

This relatable and heart-felt book offers sound blended family wisdom from the author's own story as well as from current blended family research. Readers in second marriages will know they are not alone in their journey. This book does exactly what it states, providing key insights into hope, healing, and love! Highly recommended for everyone in, or entering, a second marriage. This book has excellent discussion questions at the end of each chapter too!

I Read this book in one night! It gave good insight in my time of need thank you very much
