Customer Reviews

I've been teaching GED Language Arts for 12+ years. By far, Steck-Vaughn provides materials that most closely resemble the material on the actual Official GED Test.

I work with GED students--and the reviews suggest that the Steck-Vaughn GED workbook would work well with GED classes--the exercises seem excellent

This book help you in school if you is used this book for your class in Language class it is helpful

Bought this for my client taking remedial courses with his private tutor. Client is an adult who initially read at a 3rd grade level. Has since moved up to a 6th grade level. Client stated he is able to understand and follow along better in his adult education classes.

This came on time and is what we expected, which is great!
