Customer Reviews

I received this photo album and the accompanying memory album at one of my baby showers, and it was one of the best gifts I received. It's sweetly and beautifully designed. The drawings are original and creative and the book comes with photo corners attached in the back to ensure you actually remember to put the photos in the album.

A beautiful book and album, if you like things that look as if they are from a bye-gone era.

This is a WONDERFUL album. I really loved the idea of putting the photos in by means of actual photo corners. It seems so sweet and delicate. And Keep-sakey :)I was thrilled with the page illustration and excited that I had both the photo album and journal.It's so sweet and vintage inspired that it automatically makes you feel like you really have something special. I think it is a GREAT gift and it's gender-friendly style is perfect for ANY baby!!
