Book For Kids: 37 Rabbit Facts For Kids: Types Of Rabbit Breeds And How To Care For Your Pet Bunny: Fun Facts & Amazing Pictures (Maverick Kids)

Synopsis

I love Rabbits, do you love them? I was born in the year of the rabbit. Let's set out on a Discovery to learn about the interesting facts about these super-cute and cuddly mammals. This book will bring you through a journey of fun facts about them as well as their unique characteristics. Watch them play, jump, and hop. Rabbits are found all over the World except Antarctica, and they are the Top 3 most popular home pets. Be amazed with beautiful pictures and carefully designed pages to help children remember easily about Rabbit Fun Facts, with the types of breed and how to care for a rabbit. You will learn about: *How intelligent are they? *Their features and characteristics *Rabbit breeds *Why Rabbits eat their own shit, and there's a good reason why! *What breed of rabbits is the friendliest and less aggressive? *Step-by-step on how to care for your pet rabbit: Do's and Don't and much more. The amazing designs of the pages are certain to keep your child's attention from the beginning to the end of the book. I really enjoyed designing and creating this book. I hope that children will enjoy reading and learning from it. Note: This book is suitable for children ages 9 or older. For younger children a parent can read together and enjoy the beautiful pictures. ****This book is exclusive to the store and is offered at a special promotional price. Get it now! Priced less than a cup of Starbucks, it's a no-brainer to invest in your child's education.

Customer Reviews

The book has very basic minimum information that doesn't even fill the pages. Then you turn the

book over and the back cover seriously reads find out why the bunny eats it's own s#Ât. Seriously. I would like to find out why someone deemed it necessary to add that to a book that says right on the front cover that it is for CHILDREN.

Not one review mentions the back cover. Got the book for a friend of mine's daughter and she noticed something quite hilarious. Buy the book today and see if a child in your life notices .

There's not much practical information about how to care for a pet rabbit here, though there are some funny facts and pictures.

I bought this book because my daughter wants a rabbit for her birthday but nobody in the family knows how to take care of them. This book is really packed with all the necessary information about how properly to take care of rabbits as well as reveals many unknown facts about them. It's a very useful book for those who wants to get a rabbit because this animal requires absolutely different care comparing to regular pets.

I'm the grandma and even I learned things from this sweat, well written book. Kids will love reading it and be able to look up facts easily. Very good source for starting out with a new bunny or before you get one letting you learn the different types.

I bought this book for my son. He loves animals of all kinds and really enjoyed reading this. There are a lot of interesting and fun facts about rabbits of just about any kind imaginable along with tips about caring for your own rabbit. Thanks!

Fun facts that develop inquisitive minds. Good addition for my library. Rabbits are easy to care for and are lots of fun for all ages.

I was provided a free review copy of this book, as my kids are considering getting a rabbit for a pet. The book is an age-appropriate look at everything children should consider before getting a rabbit - what rabbits need, how to care for them, what types of rabbits you can get and much more. My kids loved the book, and it is also good for parents to go over this book with kids so the kids know what they will have to do to care for rabbits when they get one as a pet. Recommended reading
