Running Mate

Synopsis

Barrett The name's Barrett Callahan. Yeah, that Barrett Callahan - the one the press dubbed "bare", after those naked sexting pictures surfaced. At 25, I was armed with an MBA from Harvard, an executive position at my father's Fortune 500 company, a penthouse, and a different piece of delectable eye candy in my bed every weekend. I had a life most men dreamed of. But then my father decided to run for president, and my playboy lifestyle became a liability to his campaign that was built on family values. My "makeover" comes in the form of a fake fiancÃƒÂ©e who I don't even get to choose - one who is an uptight, choirgirl, acting prissy, but also sexy as hell. Addison My latest relationship had gone down in flames, and I was drowning in a sea of student loans, when, in true Godfather status, James Callahan made me an offer I couldn't refuse. Seven figures for seven months on the campaign trail, pretending to be the adoring fiancÃƒÂ©e of his son, Barrett. As soon as he won the election, our engagement would be dissolved amicably for the press, I was free to ride off into the sunset a million dollars richer, and because of the NDA, no one would be the wiser. Sure, I'd never met the guy, but I'd been a theater nerd in high school. I could pull off any role from Lady Macbeth to Maria Von Trapp. But that was before I met my fake fiancÃƒÂ© - the infuriating, self-absorbed, egotistical, drop dead sexy, King of the Man Whores. The race will be a fight-to-the-death finish, and that's not even the actual campaign.

Customer Reviews

After reading this story, politics don't seem nearly as boring to me. When Addison is approached by

the presidential hopeful to help him win the election by pretending to be his sons fake fiance she isn't sure what to think. Addison fully supports senator Callahan and believes he is the best man for president of the United states, so when he asked her to pretend to be his son Barretts fake fiance she only hesitates briefly before agreeing. Now can they get Barrett, the senators party going son to agree for the sake of the campaign. What starts as getting to know each other for the good of the campaign turns into real feelings but will ghosts from the past prevent them from finding their very own running mate for life. Barrett the "Bear" turns out to be just as cuddly as a "Care bear " and Addison the preachers daughter sure knows how to keep him in his cave. The true power of redemption.

I. LOVED. THIS. BOOK! So much so that I read it on KU and ended up buying it. I loved the characters, their witty repartee is exactly what I like to see between couples. I like how there wasn't insta-love but rather a relationship between two people which developed slowly although I did wish for a little bit more of the two of them doing things and falling in love. I'm not a big fan of leaving things unsaid so much so that it leads to a BM so the "misunderstandings" in this book, which were resolved with internal dialogue and speaking to one another, were short lived and handled like adults. And there were SO many priceless scenes that had me literally laughing out loud but no spoilers here. Plus I've been watching "The West Wing" on the other streaming website so I imagined that James Callahan was Jed Bartlett, whom I love dearly.

What can I say about Addison Monroe. She is a woman whose middle name should be Spitfire.Everything about her screams I am woman hear me roar. Looking to do good in this world she takes on the task of being a volunteer coordinator for hopefully the next President of the United States, what she doesn't know is her role is about to get so much bigger.Barrett Callahan son of the presidential candidate is not only a mega playboy but he can also become a thorn in his father's side.When Addison meets Barrett under the most unconventional of circumstances what you will find is that the banter between the two will have you laughing out loud from the moment they meet.As you watch the chemistry grow between the two not only will you find yourself cheering them on as couple but you will be cheering on the reason they were brought together.

Addison met her match with Barrett. Or should I say Barrett met his match with Addison.An unconventional way of getting engaged, finds these two at each other's throats at first. The more time they spent with each other, the more their eyes opened up to love.Funny, quirky, no rule

breaker Addison! Rule breaker, womanizer Barrett! That saying opposites attract, yeah well these two are total opposites. That's what makes this such a great story.

First time reading this author and I really enjoyed it. I enjoyed it so much I wish it was longer. Addison and Barrett are brought together by his father the future president due to Barrett being a man whore. Addison works on his father's campaign and in order to look family oriented he makes up a fake engagement between the two of them. I don't need to tell you the rest, my advice is to sit back and enjoy reading this book like I did.

Incredible - funny, romantic, witty. Keeps you on your toes. Could not put it down....had to devour it immediately. Katie Ashley is a fabulous author. She holds your attention and makes your pulse speed up, warm up and gives you the shivers at the same time. Definitely is one of those authors you follow and this latest book is pure awesomeness.

The book was well written but it was boring. I stopped reading at 50% and skimmed to the end hoping something interesting would happen....it didn't.

Katie has always been my go-to author. She writes it, I read it. She did not disappoint with Running Mate. This is a laugh-out-loud, swoon worthy, smoking hot read. 5 stars!!!
