Bought this to prepare for our trip to Hawaii, my 3 year old still loves reading it.

1st Grader AR book, she enjoyed reading as Hawaii is her favorite place

My 5 year old loved this book

We love this book! It 100% got us thru our flight to Hawaii! Froggy is funny and loveable. Just ordered another froggy book cause it's such a hit in our house!

I have been buying Froggy books for over 12 years. I gave my son's set to my neighbor and just bought him Froggy Goes to Hawaii and Froggy Goes to Camp. The stories are great, especially for boys. Most stories are written with girls in mind but Froggy is for both. The newer books are printed smaller than the originals, but the stories are great.

Been reading it. A bit long but ok

I bought this book to replace the one my daughter had got from the Library after a couple of months they kept saying that they didn't get it back when we returned books. Well when I took this in they had it there so my daughter was really happy when I told her it was hers. She loves the Froggy books. The price was amazing.

My 4 year old nephew is in love with the froggy series they borrow froggy books from the library often, i decided i wanted to purchase some froggy books to add to his growing collection of books. Although the words and pictures are the same as the book they borrow from the library this book itself is smaller and flimsy. It was cheap so i cant complain and he loves the book either way. The only problem is that the words are stuck in my head! LOL
