## **Customer Reviews**

This is a great reference to learn about different demons names. It doesn't describe much about how they work or what they do or how they can attach but it's nice to know what names to look for and then I can research more somewhere else since I have a specific name. It was worth the price and it's a great reference.

The actual contents of this book are great! This is a useful tool. But \$18 for a book that is poorly printed and did not arrive in even like new condition is unreasonable. In addition, these contents can be found for free in pdf form - it would be much more feasible to print them out myself.

Straight to the point. It gives you demons along with the names of those they group themselves with. Awesome resource.

didn't help much found the way it was written a little confusing

This is a good read. I think that people need to know that Satan is alive and horribly well in this world and he uses everything at his disposal to hurt anyone who is not one of his own. This book reveals some of the ways Satan comes into our lives to hurt us and helps us to be aware of what to look for so we can prepare for attacks.

Informative

Good product

It was not what I had hoped for and hasn't been much help for me. It would be helpful for people in a deliverance ministry, I'm not.
