I often read different cookbooks, and especially I like air fryer cookbooks. I like to cook in air fryer,

because food will be not only tasty, but also healthy. Last time I became harder to me to find interesting recipes that I never tried, but this book helped me with that. Unfortunately, there is no images in that book, but anyway it's very good.

this cookbook is huge and one of my best read so far. Very easy recipes and good tasting ones too. Really nice simple recipes for the every day.I was looking for a proper guide for every kind of food.

So many good delicious meal ideas in here. Just inspires you to try so many different kinds of meals in this bad boy.

I didn't have a reason to buy these but they work great and they are very bright. Handy little device. The item is really great. you won;t be regret. just plain magic all year long. After using it around one week, I have to say Excellent. will purchase products from this company again, as needed.
