# Doorways, Windows & Transoms Stained Glass Pattern Book (Dover Stained Glass Instruction)

## **Synopsis**

Open gateways to beauty with 60 plates of wonderful, workable patterns. This assortment of gorgeous stained glass designs will have crafters of every skill level brightening windows and entryways with graceful foliates and flowing ornamental motifs. Each pattern has been specially formatted for transoms, window panes, and door panels, and can be easily reduced or enlarged to conform to even the most hard-to-fit spaces. Available in a dazzling variety of styles, these designs work equally well as graphics for print, textile, needlework, and other craft projects.

Best Sellers Rank: #543,495 in Books (See Top 100 in Books) #37 in Books > Crafts, Hobbies & Home > Crafts & Hobbies > Glass & Glassware > Stained Glass

## **Customer Reviews**

Anna Croyle's career as a stained glass artist began with a gift certificate for a beginner's class from her husband in 2000. She had a natural ability for the craft, and was soon hired as a part-time artisan and full-time designer. Currently, sheÂ works onÂ custom, made-to-order windows from her studio in Baltimore, Maryland. Dover published her first book of stained glass designs &#151; and the three that followed.

Would be even better if it came with a CD with the patterns on it. The way the patterns are presented in the book makes it really hard to resize one to actually use. There are numerous patterns per each page, so to transfer one to your computer via scanning envolves scanning an entire page, editing the image so it displays only the pattern you want and then transfering it to your resizing program is tedious & a waste of time. I would have gladly paid an additional \$5 with this purchase in order to have a CD to work from.

Nice designs! Provides ideas for your artwork. I like to just sit and look at the pictures, too. I have a copier which enlarges so these patterns will be useful. Would have liked to see the designs in colors instead of all black and white. Nice addition to my library of patterns.

I am doing large window units and was so very pleased to see some real useful designs - clean lines, good for all levels of expertise, well organized in categories - a real must for my library.

It's just patterns. There are no descriptions / words.

Love all the designs.

Many beautiful geometric patterns. It can be a challenge to find the right color combinations for them.

This book is just what I needed to do the front windows of my home. Instructions are easy to understand and the patterns offer something for everyone.

Patterns included in this book are OK - it would have been very helpful to include a few pages of patterns showing colors - only the cover is in color.
