Scott O Dell (1898 1989), one of the most respected authors of historical fiction, received the Newbery Medal, three Newbery Honor Medals, and the Hans Christian Andersen Author Medal, the highest international recognition for a body of work by an author of books for young readers. Some of his many books include The Island of the Blue Dolphins, The Road to Damietta, Sing Down the Moon, and The Black Pearl.

This author takes historical people and events and creates a story to go along with it. My son, who is 12, loves this author so much we have purchased every book written by him. They have kept his attention, and he has reread several. My son's time and energy going into a book instead of an electronic device, can't ask for much more!

Wonderful book of the cost of having the Bible in the English language. William Tyndale - a servant of God. Thanks be to God.

Just did an interactive drama about these times. Great fun. Loved reading about it after.

Good easy read.

thank you!

Great youth historical reading.

wonderful book depicting life during the protestant reformation. characters were personable. tale was well told. My 10 to 14 year olds enjoyed this book.

I was interested, expecting this book to be a historical fiction about Tyndale. I knew the main characters were fictional, but expected their lives to be integrated with Tyndale's in a way that would show me more about who Tyndale was, what his life was like. No. This is just a novel - and a bland one at that - that makes up a story about helping smuggle Bibles, but the story is only about the shippers exploits.
