Songs Of Praise: Songs Of Praise: Words Edition

Synopsis

Songs of Praise was first published in 1925, and is still an immensely popular hymnbook, particularly in schools. The compilation falls into two parts: Book 1 contains hymns grouped by subject and theme, together with a selection of verses, canticles and doxologies; Book 2 contains general hymns listed alphabetically by first line.

Customer Reviews

In the fifty years since his death, Vaughan Williams has come to be regarded as one of the finest British composers of the 20th century. He has a particularly wide-ranging catalogue of works, including choral works, symphonies, concerti, and opera. His searching and visionary imagination, combined with a flexibility in writing for all levels of music-making, has meant that his music is as popular today as it ever has been.

Used in primary school....great to find it again.

You had a very poor description. You should have said there was no music and it only had text.

I had expected the classic song book to be the music as well as the words - a good edition but useless to me just as words...

It was "stolen" although not deliberately from a British school I attended 40 years ago. Then I lost that copy and decided to replace it. Nice to see the old hymns we used to sing during school assemblies

I love this hymn book and had this as a child at a boarding school in England. The print on this copy is too small too see properly. I wish they printed it larger.
