PPE Preparticipation Physical Evaluation (AAP, PPE-Preparticipation Physical Evaluation)

Synopsis

Must-have resource guides health care professionals through the PPE process for young athletes from middle school through college. The explosive growth of children's athletics makes the preparticipation physical evaluation (PPE) an important part of many pediatric practices. The new 4th edition guides physicians through the PPE process for young athletes from middle school through college. Included are recommendations on PPE timing, setting, and structure; medical history questions; and how to determine participation clearance; lists return-to-play guidelines; addresses medicolegal and ethical concerns; and explores future research and use of electronic formats. Includes: History Form, Supplemental History Form, Physical Examination Form, Clearance Form. Contents: Goals and Objectives, Timing, Setting and Structure, Administrative, Ethical, and Legal Concerns, General Considerations of the History, Physical Examination, and Clearance Systems-Based Examinations, Cardiovascular Problems, Central Nervous System, General Medical, Pulmonary System, Gastrointestinal, Genitourinary, Dermatologic Conditions, Musculoskeletal, The Female Athlete, The Athlete with Special Needs, Research Considerations.

Customer Reviews

The American Academy of Pediatrics is an organization of 66,000 primary care pediatricians, pediatric medical subspecialists and pediatric surgical specialists dedicated to the health, safety and well-being of infants, children, adolescents and young adults. The AAP is the largest pediatric

publisher in the world, with a diverse list of resources that includes essential clinical and practice management titles and award-winning books for parents. Â

Just as described. Fast shipping.

Textbook for my daughter

Good read.

This was another great resource in preparing for board certification through the American Chiropractic Board of Sports Physicians. More importantly is that if you are going to be doing PPE for athletes then this should be a required resource for all Physicians no matter what the initials that follow behind your last name.

used this when i started as a new crnp doing school and sports assessment. great book.
