Michelin In Your Pocket Naples, Pompeii, Capri, Sorrento, And The Amalfi Coast, 1e (In Your Pocket)

Synopsis

Perfect for weekend getaways, each In Your Pocket guidebook is divided into four sections. The Background sets the stage with information on region's history, culture and geography. The Exploring section details "must see" sights, classified according to Michelin's renowned star-rating system. A helpful calendar of holidays, shopping, entertainment, and nightlife suggestions as well as important hotel and restaurant information is described in Enjoying Your Visit. The A-Z Factfinder is a reference section, packed with useful information on what travelers need to know when visiting a destination.

useful, succinct guide to Naples and the nearby coast. Good info on the major museums and some of the lesser ones. Nice guide to street scenes, transport, even food. But I suspect how up to date the information is when the guide advises you to tip 200 lire in the restrooms--the lire not having been in use for 12 years. But it does fit in your pocket.

Did not realize this was an out dated copy, and it is lacking in detailed maps of the area's. Was disappointed! Need detailed street map of sorrento's historical center.

The book is very informative and was a great help planning our trip. We haven't been to Italy yet but the information was great. It will be going with us.

The greatest annoyance with foreign travel is most often confusion and inefficiency. If you could easily whisk from point A to point B, make decisions on what to do next with great ease, lodge and dine ONLY in those places that leave you with the feeling of having been somewhere and experienced something truly unique and delightful... your trip abroad would be simply delightful, nothing else. I'm telling you, if you want to eliminate the fuss, the missed opportunities, and the wasted time, and the frustration, get yourself a Michelin guide to WHEREVER you are going... particularly those places with a penchant for confusion (read: Naples!) The Michelin guide practically reads your mind... just flip the page and it tells you EXACTLY what you wanted to know... where best to go, how best to get there, what best to eat and where best to sleep. Michelin guide is simply the best. It's 100% efficient. It's 100% quality. And, most importantly, it makes one's vacation 100% success! Highly recommended. -John Perri

The book is helpful - nothing special but keep in mind I am yet to get to the Isle of Capri
