Customer Reviews

G. I. Williamson, ed. a Presbyterian pastor, edits the periodical Ordained Servant. He is the author of The Shorter Catechism: For Study Classes and The Westminster Confession of Faith: For Study Classes.

It's a good review of the catechism however it would be easier to read in current language both in commentary and scripture.

We went through this book last year as part of our daughters homeschooling curriculum. We enjoyed it so much and learned a great deal also. We have decided to go through it again so we purchased another book and put it on our Kindle so everyone has a copy now. I highly recommend this book if you are serious about your faith in God.

This book is an incredible help to understanding the truth of the Scriptures and prevents wrong thinking and concluding which can happen in getting caught in all the details. It is absolutely helpful for Christ followers seeking doctrinal purity.

As a newbie to the church, this book provided an excellent foundation for my introduction. It was

packed with a lot of helpful information that was well organized and clearly presented. I highly recommend this book to other "newbies".

The author does an excellent job of explaining and supporting the questions and answers in the catechism. I love having it on my kindle.

I love it. Product is as accurate and useful as the descriptions and reviews indicated it would be.

Gl Williamson makes the shorter catechism much easier to understand. The questions are great for a small study group. He puts it in the context of modern theological questions, also.

I ordered this as a second copy because my other one is getting worn out. Highly recommend this book to anyone interested in Christianity. Unfortunately, my new copy has not yet arrived.
