Adam Blade is in his late twenties, and was born in Kent, England. His parents were both history teachers and amateur artists, and Adam grew up surrounded by his father's paintings of historic English battles which left a lifelong mark on his imagination. He was also fascinated by the ancient sword and shield that hung in his father's office. Adam's father said they were a Blade family heirloom. Sadly, Adam does not have his own Ice Dragon or Ghost Panther. But he really wishes he did!

My 6 yr old bought the first book in the series from the book fair at school. We have since bought all of the others in the series. These books are great for his age. I did read it aloud to him, and it was somewhat enjoyable to me as well. The story lines are not too complex to follow for a first grader, but adults will find them predictable.

My 8 year old son had read the first two books of the series and loved this one too. He couldn't wait for the fourth book to be available. I just received it and he has just started it. Perfect for this age group.

Great books for my 1st grader. He reads them willingly so it's less hassle for me. He usually can finish one in a day. But I think he may be a fast reader.

This book was a great part of the four book series. Great for you get kids. Easy read with some pictures.

Deep Dive is a good series, but why can't there be more Robobeasts? I like them and they are awesome. At the end of the book you will feel sorry for Rivet. Watch out for the Kroy!
