Jumbo Jumble®: A Big Book For Big Fans (Jumbles®)

Synopsis

Culled from nearly three decades of popular Jumble® puzzles, the wide array of subjects in this collection represent the very best of puzzles. With over 500 of the word-scramble challenges included, the book will entertain and test even the most devoted puzzle buster. For more than 40 years, millions of newspaper readers have delighted in solving Jumble®, which appears in hundreds of national papers and in these puzzle books that offer hours of challenging wordplay and fun. Each page features a series of mixed-up words coupled with a cartoon clue, and one letter from each word is used to form the answer to the puzzle.

Customer Reviews

Tribune Media Services distributes media products in a variety of languages and formats, including news, comic strips, television listings, and other information services, to international publications.

I have NEVER had a problem with the quality of an item order for , so this was my 1st bad experience. I'm giving an "OK" rating because my mom loves the book but the shipped sent damaged goods! What made it worse was it was a gift. My mom loves these puzzles and was looking forward to receiving this book. However, we were both disappointed that the back cover was ripped in the middle from the top to about the middle of the book. It had been taped together with clear shipping tape. Looked pretty crummy and like I said it was a gift! Wouldn't recommended ordering from this company....other than that my mom likes the book.

Purchased for my husband but we often work on them together. This is a fun book. Some of the jumbles are real groaners, but that's the fun of jumbles. We learn some new (not often used) words too so that is nice too. It will take awhile to finish.

This is a needlessly large book. All the puzzles are physically large and the letters are quite large. Not all the letters in the puzzles are totally printed and one must solve the puzzle of what some of the letters to be rearranged are. They could have put 500 normal sized puzzles in a book half this size. Other than that it is what you'd expect.

Bought this book for my elderly Mother. She loves working on the jumbles, she says it helps her mind. Also the large print helps too. Hope there will be a second addition coming out when my Mother finishes the book.

If you long for running arguments with your partner, this is an excellent way to start, or at least keep them going. I have been doing these in the news paper for years and have had fun with them on and off. I bought this as a gift for my wife...who never showed any interest. Now our lives are full of insults regarding spelling, mental ability and we have both learned new ways to light each other off. It's great fun for us..as long as we are both alive.

I love this book of Jumbles and highly recommend it for all Jumble lovers.

The puzzles looked great and were large. It was a gift for my mother-in-law. She seemed happy with it.

The jumbles in this edition are not for the weak-hearted! They are pleasant challenges that expand your vocabulary and help keep your mind flexible. Many of the words defy traditional conventions when it comes to letter grouping, etc., which will force you to think outside the proverbial box. You may scratch your head at some of these, but keep at it and you will get the answer. Are you up to the challenge?
