Customer Reviews

Excellent source for solving crossword puzzles. Used this book for years. In fact, this purchase was a replacement for same book bought 10years ago,used constantly and literally fell apart.

This was a gift for a person who thought this book no longer existed. They were extremely excited to get new book. The old book was over used and taped together and missing some pages.

Since these are no longer in book stores in my area, I finally remembered that I could probably get it from . I'm so glad that I did. I like it better than any of the new crossword dictionaries. JSS

It doesn't have a lot of words that you would expect to find.

Is perfect! Exact replacement for one that I had for over 15 years that finally fell apart from use. This small purchase made me very happy.

This is a great book for anyone wanting help with crossword puzzles. My mother swears by it. This is her second dictionary by this same author. The first one was used so much it was falling apart. It has all the words she needs to help her with the crossword puzzles she does. My mom doesn't want any other book. This is the best.

Doesn't help me in the crosswords I try to solve (LA & NY Times). Crossword dictionary off the internet much, much better. Save your money!

The printing date on this publication was 1991. It has NO computer words included i.e. byte, website, email, etc. I didn't return it because it was a gift for a 96 year old Aunt who enjoys crosswords. And she didn't want to wait.
