Customer Reviews

I'm a beginner at mandolin and I found this eBook to be most helpful. It's a few simple chords, a lot of different types of music, as well as a good mix of songs. I use YouTube in the background to play along while watching where to come in with what chord. Having fun while your fingers toughen up. it gave me a good sense of timing and strumming technique. I think it's a good way to gain confidence in your playing, at least that's the feeling I got. And I learned a few new chords !
