Customer Reviews

Helpful on my travels in the area.

I purchased the kindle version...I did NOT find it easy to use on the kindle, too hard to jump around to the sections I wanted. Don't think I would buy another travel guide on Kindle.

I've used several brands of guidebooks and wanted to try Lonely Planet. I was very pleased. It had just the right amount of information. We used the restaurant and site seeing parts especially since we used other modes of lodging. I thought their recommendations were spot on.

Always love the honesty and just the amount of info needed. Been using Lonely Planet since 1986.
