Customer Reviews

I own the 4th edition. I bought the 5th edition of the Tibetan phrasebook hoping it would be updated in some way, but everything, from the layout and the font to the content, is the same as in volume 5. There is no mention of any updates or changes in the preface (since it is word for word the same preface from volume 4). The only things that have been changed are the front and back cover. From a linguistic point of view, I object to the fact that they do not mark tones at all in the book, or even explain that Tibetan (at least the Lhasa dialect) has lexical tone. In a word, volume 4 = volume 5.
