Chromie my Gnomie has been nearly everywhere with me. He's traveled the far reaches of Europe and most of my escapades in AK. He's been lost in hostels, found cavorting with SEVERAL Australian college girls, completely shnocked in Prague, caked in salo in L'viv, cooked with squid in Split, and had a kidney stolen in Paris. But his cheery smile never ceases and his flower basket is always overflowing!

Came with a fun little booklet with facts about gnomes, I take this guy hiking with me and place him in photos of all of my adventures and places in the mountains. Unfortunately he's a little heavier than

I had hoped since every ounce counts when you're carrying everything on your back deep into the woods.

We got this for our neighbor who has a gnome addiction. My 3 year old son and I played "gnome fairy" and snuck it into her garden - amongst 15 or so other gnome friends. We left the book by her back door with a little "fairy dust" (glitter) trail. She's mentioned it to us, but has no idea where it came from!!! Mission accomplished :) Adorable whether you collect gnomes or not. Cute little random act of kindness gift.

I ordered one of these a couple of years ago and now have one to give to the newest gnome lover in the family. I can hardly wait until Christmas to give it. (The nine year old thinks mine moves. Similar to Elf on the Shelf, only year round and much cheaper) ã Â Â^Â Makes for some lively conversations.

My husband loved this. He takes "Bernie" disc golfing and takes pictures with mushrooms and unusual trees. Lots of fun.

It's a neat concept, cute form, but the color is definitely funky. Kind of a muddy fleshtone. I think I'll be repainting it in the near future.

adorable little collectable for any gnome lover. was fast shipped, and arrived in great shape!!

Christmas stocking stuffer for my favorite gnome
