PAMELA ELLGEN, an avid food dehydrator since childhood, is a food blogger, certified personal trainer, and author of several books on cooking, nutrition, and fitness, including Sheet Pan Paleo and the bestselling Healthy Slow Cooker Cookbook.

Love that it gives info for all three methods of drying. Would love to have seen some info on dehydrating cooked meals, but this book is great for a comprehensive course in dehydrating in general. Great go-to reference.

Works very well - so far have made beef jerky and it was delicious

Great book with super ideas. My older dehydrator is so under used but no more. There are many basic suggestions about fruits and vegetables to dry plus recipes for using them. (I'm a vegetarian so I didn't read the meat section.) I'm considering buying a newer dehydrator to expand my repertoire!

I LOVE THIS BOOK!

been using the book. we find that we have to dehydrate a little longer then what the book recommends

have had a dehydrator sitting in my pantry for years. made me want to start using it again.

No bent pages and there are so many delicious looking recipes that I can't wait to try!

I love this book. The recipes are very easy to follow. Love how u can substitute organic things in place of the traditional food prepping
