Card Games For Kids: 36 Of The Best Card Games For Children And Families

Synopsis

Sometimes in these days of expensive toys and gadgets we forget that a simple pack of cards (or two) can provide hours of fun. Cards are inexpensive, easily portable and endlessly adaptable. Families can enjoy a game together, kids can play in groups on their own, and a solitary child can while away the hours playing solitaire games, practicing shuffling and dealing, or building card houses. Put a pack of cards in your pocket or handbag and this book onto your kindle and you'll always have entertainment ready! Card games also build all sorts of skills. Younger children will encounter number recognition, sorting problems, fine motor skills, taking turns, practicing patience. Older children will start to use their strategic thinking skills and can benefit from watching (and trying to remember) the cards that other players put down or play and working out odds. So get the cards out and have a go! There are easy instructions for 36 of the best card games for children and families in this book to choose from, and I know you'll find something fun - whether you are looking for a quiet game for 2 kids, a rowdy game for a family gathering, or a game which will keep a group of teenagers and younger children entertained.

Lindsay Small is the creator and owner of www.ActivityVillage.co.uk, a UK website which has helped parents, grandparents and teachers keep kids busy since 2000, with thousands of free colouring pages, puzzles, worksheets and printable activities as well as an enormous collection of craft ideas and games.

This provides exactly what it promises: Clear rules for card games that children will enjoy. Many are

fun adult games too. It gives suggested age ranges, number of players, distinguishes between games of chance and those involving skills (and tells what those skills are).

It was a great gift for our friends who have grandkids coming for the holidays!

very informative. our kids and their friends enjoyed card games for hours when the weather was bad.

I was looking for a simple book with clear instructions on card games to play with my niece and nephew (ages 6 and 9). This book is just what I was looking for. The book is laid out nicely and is easy to follow. We have not played many of the games yet but look forward to some family game time.

Great book for kids 5 & up offering beginner games thru slightly more complex games. Also Includes good family games.

I did not want a book I wanted games to play!
