Customer Reviews

Suitable for the beginner and experienced cross stitcher, 3-D Cross Stitch is a fully illustrated practical guide to making a whole range of cross stitch items.

The directions are very clear and easy to follow. Am already working on one of the houses.

This book is one of the only ones i know of that gives directions for 3D embroidery on fabric or perforated paper rather than plastic canvas. Good pictures, graphs and detailed understandable instructions.

Love the book, great examples, easy instructions for beautiful cross stitch art work. Love the book, thank you for your great service.

As I reviewed before, I love this book and enjoy now owning it. Thanks!

I was extremely happy with my purchase. The goods were exactly as described. The goods arrived promptly and I would not hesitate to buy from this seller again.

Love three dimension work.

Beautiful book.

This book is a "must have" for your stitchery library. If you want to try something new, these 3-D houses are adorable! I plan on using ALL of the patterns. It has inspired me to design a few of my own. I am going to design a Christmas village for my Christmas tree this year and use metallic threads.
