Customer Reviews

ITMB Publishing (International Travel Maps and Books) of Vancouver, Canada, has published detailed reference and travel maps of countries, regions, and cities around the world since 1985. The company's titles include many that are unique or the first of their kind, including maps of Australia and New Zealand and Pacific islands such as Cook Islands, Fiji, New Guinea, Samoa, Tonga and also Antarctica.

And it's great that such a thing is available on . It's by no means a detailed map, however. Aside from showing where (most of) the islands are in relationship to one another and the names of various villages, well, it doesn't tell you a whole lot. The map includes a few paragraphs on it

explaining a few historical significances (related to WWII), but these are kind of too sketchy to be interesting and don't really comprise the most important events that took place in the country. I also would have liked a better inset detail of Guadalcanal and the Honiara area. Granted, there aren't a lot of roads to be drawn -- but what was there seemed minimal and certainly wouldn't help much for someone who was visiting SI.bkd

fast shipping, item arrived in good condition. The map has some interesting facts and history of different parts of SI, lovely!
