He is the author of three books: *Modernism, Nationalism, and the Novel* (2000), *The Cambridge Introduction to Modernism* (2007), and *Religious Experience and the Modernist Novel* (2010) and editor of *The Cambridge Companion to European Modernism* (2011). He is the founder and editor of *The Modernism Lab*, a virtual space for collaborative research on modernism. Emily Wilson is a professor of classical studies at the University of Pennsylvania. She lives in Philadelphia.

This Norton Anthology provided college student with necessary reading about the ancient culture and their literature styles. It is a hard subject matter because it is involved with literary terms where one have to deeply analyzed the concept of the theme. The best one of these are on Epic of Gilgamesh, Homer's Iliad and Odyssey, and possibly Dante's Inferno. These 4 are popular ones as well as well-known for those who love reading mythology and interesting biblical stories as college student. Warning: These required a lots of in-depth reading and analyzing the topic. Good Luck reading it.

I rented this book for my World Literature class. At first I was dreading even opening this book, but I ended up loving a lot of the stories in this literature book. I especially love anything mythological, so I greatly enjoyed reading the Iliad. This book has a great collection of literature that everyone should take a look at. It is a must have for people taking a World Lit class with this being the required book. And if you are just looking to read on literature there are several great stories in the book.

good read

Very good book and easy to find.

I love it.

It said it was in "good" condition but when i received the book the pages were extremely frayed and some torn. Looked like it had been through a lot. Could have definitely gotten better quality for what i paid.

I have so many of these Norton anthologies as an English major, by now they blur together but all of them are interesting. I like these because they include author bios before most of the literature which helps in class discussions and when writing papers on the literature.

Sensational a great reading forever and ever...A must read for Literature and knowledge about history of earlier literary periods...
