The Sneaker Coloring Book

Synopsis

A coloring book for grown-ups, *The Sneaker Coloring Book* is a collection of 100 black and white line drawings of popular sneaker designs, shown in side view, to color, alter, or customize. The models featured are 100 of the most popular designs from 1916 to the present day from 18 major brands including Adidas, Converse, New Balance, Nike, Onitsuka Tiger, Puma, Reebok, and Vans. Brand, model name, launch date, and category are listed for each sneaker. The drawings are printed on high-quality drawing paper and the pages are perforated so that a drawing can be removed once completed. Taking a fun and highly original approach to sneaker culture, the book will appeal to anyone who likes to color and customize their sneakers, to fashion and footwear designers, illustrators, graphic designers and, above all, to the sneaker fanatics who want to own every book about their favorite subject.

Daniel Jarosch and Henrik Klingel set up their design studio, PKNTS, in Berlin in 2006. Their clients include Onitsuka Tiger/Asics, Big Fish Games, the BenQ-Siemens Explore Room, and Messe Frankfurt. Their work has been awarded the Commerzbank Design Prize and the Nike Play Award 2008.

I love this book. With the different designs in this book you can make color combos to your choosing. I have come up with some that my daughter even wishes that are available in real life.

Tons of shoes pics! Has details about each shoe design and the year they originated,etc. Mainly shoes from the 70s, 80s, 90s. Not many current designs.

The amount of detail in the book for each shoe is amazing. I love this thing . Have been drawing for years in my sketch pad shoes this just adds to the cake. Great buy, came on time in good condition . Sneaker art on the next one .

A coloring book for all ages. This books has classic shoes and some more recent ones that any sneakerhead would love. Personalize these rides to be a blue print for your very own 1 of 1's if you indeed take it to the next level. Maybe a new version will come out with more retro shoes and many more modern classics. Overall A+

I bought this book for my kids - one for each of them. We saw the book at a store at the mall, I saved more than half buying through . My kids both love to color (they're 11 and 8), and coming up with their own shoe color designs. I like that it has shoes that have been around awhile (keds, converse) all the way to current styles. Highly recommended!

I'm a teacher. I ordered this for my students to color and decorate to hang in the hallway as part of my PSSA Olympics month leadup. I LOVE IT! This is exactly what I was looking for and my students are crazy about all the many sneaker images.

I've been wanting this book for awhile. It met my expectations.

Nice product... Some pages were colored
