• [An] irresistible, beautifully illustrated book | The book works as an ideal Father's Day gift, whether you're a little princess or a grown-up one. • (~Country Weekly) • The touching story is true to life for anyone and everyone as we are all children, we all have parents, some of us are the parents, and the bond that is formed between child and parent is the strongest bond that one can experience and this book outlines that perfectly | This is definitely a book to have on any little girl's bookshelf as it is one of those that will carry with her throughout her life and as an adult she will still hold it dear to heart and keep it in her collection. • (~Today's Country Magazine)

Such a great book to read, daddy to daughter! The drawings are wonderful, lively and engaging. The story rhymes, it flows and is easy for the little ones to remember. Not to mention, I choked reading it to her the first time. Such a good gift for Dad!

I love the book. Love the visual of how daddy loves his little girl. After getting the book, we saw the video on youtube of the song.

I actually bought this book for my granddaughter after first hearing the song that goes with the book. It was perfect for a little girl with a daddy who loves her so much. We have this book at our house along with many others for her. I am a true believer in children loving to read! When we read this book with her, we turn on the CD afterwards, and she dances around with her daddy. Our son, her daddy, is a late in life dad and he appreciates this little girl and all of the books she loves already!

I bought this book in hopes that it would be sweet and loving father's day gift, which it would be. My husband has terminal brain cancer, so not the right book when the daddy is not going to be around to dance with the daughter at her wedding. The book is fabulous, but just make sure that the father will be in the girl's life.

We love this book and the accompanying cd. The song is great and the pictures and story are perfect for a little girl and her daddy. It would be great to have this book throughout childhood and then have the song for the father/daughter dance at her wedding.

My husband gave this to our daughter as a gift right before her wedding. We all cried as we shared in our lifetime of memories that seemed to be reflected in this book and in the song "King of the World." She then chose the song as the father/daughter dance at the reception, and we all cried again. This book and song has touched us in a beautiful way!

My daughter loves this book.

Super sweet book for new parents. arrived in a timely manner
