## Customer Reviews

Wow! I love this book! It's packed of great and healthy recipes! This book is designed to empower you by providing essential meal prepping techniques along with tasty recipes to help you make healthy meals. This book also showed me the equipment I would be needing for meal prep and basic rule that I should follow and how to get started with. Would love to recommend this book!

meal prep..Good thing that I have found this book. All of the things, tips and guides that I need to know about how to prepare quick and easy meals with delicious recipes for weight loss, batch cooking, and clean eating are already included and well written inside. The book is worthy of attention! I highly recommend this book to all.

You can easily pack your lunch for the next day while the dinner is being ready rather than spending time doing it the following day, which can be a strenuous process. Owing to the hectic and monotonous lifestyle, people are not able to keep a watch on the nutrition they consume, and as a result, they mostly binge on junk food. Hence, through the help of meal prep, one can easily cook their own food without leaning on fast food.

Really a good book.I think this is a great book! It is super useful if you are into meal prepping. This book emphasizes meal planning and prepping for optimal health, but also for the sake of saving time. Meal prepping can save you a huge amount of time, and reduce stress around meal times. This is a great book for people are just starting out, or those who need some assistance along the way. It will help you decide what your goals are, and how to put them into focus as you choose your meals. It's not the first book I have on quick cooking, but the first one with so many balanced recipes and meal plans.I have already prepared several dishes. Delicious! This is a good book for people are just starting out to cook

This book promotes cooking clever which involves managing your time effectively. Great recipes, everything from low carb waffles to shrimp spring rolls. I highly recommend, mostly because the nutritional information for each recipe is included along with easy instructions.

This meal prep guide is for the beginners. From the book, you will get quick and simple low carb meal prep recipes. And, you will be able to enjoy the recipes. You can also prepare these recipes during different function at your home.

This book will guide you to making your meal prep lifestyle as effective, efficient and easy as possible. I like how the recipes are presented. Some of it is new to me and I found it very easy to prepare. Learn everything you need to know in meal prep in an easily organized, informational and enjoyable way! Tips and tricks to help you with organization, time management, cooking techniques.

Great meal prepping guidebook to have as it will teach you the basics and how to get started with it. I'm not good in following instructions that is not good and a bit confusing but this book information and guidelines are so easy to follow and understand. Good read and definitely worth buying!
