Exploring Ethics: An Introductory Anthology

Synopsis

In this remarkably accessible, concise, and engaging introduction to moral philosophy, Steven M. Cahn brings together a rich, balanced, and wide-ranging collection of fifty readings on ethical theory and contemporary moral issues. He has carefully edited all the articles to ensure that they will be exceptionally clear and understandable to undergraduate students. The selections are organized into three parts--Challenges to Morality, Moral Theories, and Moral Problems--providing instructors with flexibility in designing and teaching a variety of ethics courses. Each reading is followed by study questions. The third edition of *Exploring Ethics* provides more coverage of contemporary problems, featuring new selections on euthanasia, capital punishment, animal rights, affirmative action, academic ethics, the trolley problem, and the meaning of life. A Companion Website at www.oup.com/us/cahn offers a password-protected Instructor's Manual--containing a test bank, key terms with definitions, reading summaries, and PowerPoint lectures--and self-quizzes, vocabulary flashcards, and useful links for students.

Book Information

Paperback: 496 pages

Publisher: Oxford University Press; 3 edition (September 13, 2013)

Language: English

ISBN-10: 0199946582

ISBN-13: 978-0199946587

Ethics & Morality

Customer Reviews

"Exploring Ethics is better than other anthologies for several reasons; it offers a good combination of original/classic works and pieces that are summaries of views. It also stays at the introductory level and covers the topics that I teach--the theories and a good selection of issues for my intro. class. I rate this book a 10 because of its selections and its price."--Deborah White, University of Massachusetts Lowell
"The readings are quite accessible (and blessedly short!); students should have NO trouble finding their way through them without extra help. The book's price is right, it is

easily accessible to all students (including ESL students), and it covers the right material."--Rebecca S. Hertsgaard, College of the Desert"The editing is quite good: selections are pared down, in many cases, to their core arguments. The self-scoring quizzes are an excellent resource."--Thomas Atchison, Metropolitan State University

Steven M. Cahn is Professor of Philosophy at The City University of New York Graduate Center. He is the author or editor of fifty books. Most recently, he wrote *From Student to Scholar: A Candid Guide to Becoming a Professor* (2008) and coauthored *Polishing Your Prose: How to Turn First Drafts into Finished Work* (2013). Dr. Cahn is the editor of *Exploring Philosophy, Fourth Edition* (2011), *Classic and Contemporary Readings in the Philosophy of Education, Second Edition* (2011), and *Political Philosophy, Second Edition* (2010), all published by Oxford University Press.

Good read

A+++

My husband needed this for College. He likes it (doesn't love it though). He says it covers the major points, is a very useful textbook and he has lots of stuff highlighted in it. The reason it doesn't get 5 stars is that it is very expensive - pverpriced in our opinion, as most textbooks seem to be.

Great condition. Would not have purchased if I didn't need for a class, but it serves its purpose well. Aside from it being a little tedious, it's very interesting. One 178 word sentence had me quite confused, but I'm told most old philosophers wrote that way.

Great condition!!! Exactly what I needed!

It makes you think in depth and gives you an understanding of Ethics. This book was required for a college course that I attended. It served it's purpose well.

This book has a lot of useful information, as well as examples to make sure you truly understand the subject. With this book, i earned a grade of A with a 102% only reading this book to prepare for my exams.

Ok book, however it can get rather difficult to understand at times and its basically the same as the third edition
