The Psalms Through Three Thousand Years

Synopsis

William L. Holladay offers an illuminating and informative overview of the Psalms, chanted, sung, and recited by so great a cloud of witnesses (Hebrews 12:1) through the past three thousand years.

Bible Study

Customer Reviews

This is a wonderful book for those with an interest in almost any aspect of the psalter. It is practically 3 books in one. The first discusses the development, writing and eventual canonization of the psalms. The second discusses the historical use of the psalms by Jews, Catholics and Protestants. The third discusses modern uses and the theological underpinnings of those uses. It is a wonderful resource. It is written on a level that any competent adult should be able to understand. Background material is given in sufficient abundance that the reader is not left wondering about the context of statements made. Assertions are backed up with concrete examples. The author knows his material. He was an ordained Protestant pastor who later converted to Roman Catholicism. He has worked as an actual translator of biblical materials and knows the language and linguistic nuances of the psalms. He communicates the shifts in understandings and presents alternate readings. In

summation, this is a first rate work accessible by anyone.

Great resource. insightful for study.

a just following up on all the historical referencesA very interesting read that must be done slowly because of all the factual information. One could spend many years just following up on some of the references.

This is altogether a good book on the biblical and post-biblical historical development of the Psalms, but beware of the Kindle edition if you want to use it for scholarly use: there are no page numbers and, more seriously, the footnotes are not hyperlinked, which means you have to manually and tediously scroll through the book to look at the footnote references at the end of each chapter. Such sloppy, incomplete Kindle formatting is completely unacceptable for a Kindle book that costs \$18!

To be in touch with our Christian tradition and pray with them understanding the meaning of them in our lives.

The book arrived in a timely manner in excellent condition.
