Amazing series. Reading after watching both of the anime versions. Still incredible.

My son's favorite Christmas gift!! You should have seen the look on his face. He loves anything anime, and this is his favorite. He read the entire first 3 books within a couple days. Now I need to go buy some more for Easter. I am definitely glad I bought these.

The book arrived in great condition and I am buying each volume as I reread the series since it was so awesome the first time through! The only reason I'm only giving 4 stars is because the cover is not metallic like my other volumes and this difference was not clear in the product image. Otherwise, awesome story, art and characters :)

Got 3-13 for my brother for christmas and he absolutely loved them!

Was on Christmas list, grandson collects Alchemist books and this is one of many that he has. He was happy to receive!

Bought this for one of my daughter's Xmas presents. She read it in 2 days so she must have liked it. It was shipped in a timely fashion and arrived undamaged.

This is one of the finest, most intriguing graphic novels I have ever come across. This third volume continues to develop the characters. I can't wait to read volume four.

this was an easy purchase and a great read for manga lovers, i love the series.
