## Customer Reviews

If you can play already parts of this concerto or would like to try it you have to get this one. It is so much fun to have an accompaniment while playing besides you have to work harder because is almost like playing with an ensemble. First is played by a wonderful recorder player with quite a few ornaments which do not appear on the print, but which can actually be done if you have a good ear, or better yet come and do your own ornaments. Beautiful concerto a must for a recorder player.
