

The book was found

Monarch Butterfly, Monarch Butterfly Migration, Facts, Life Cycle, What Do They Eat, Habitat, Anatomy, Breeding, Milkweed, Predators

Synopsis

This book covers many topics about the Monarch Butterfly, including migration, interesting facts, their life cycle, what they eat, their habitat and many other aspects of their lives. They are on the endangered butterfly list and you'll discover why, and also how important the milkweed plant is to them. Written in an easy style, it goes into detail about many things including conservation and about people doing their bit for these beautiful butterflies.
