All For Strings: Comprehensive String Method, Book 2, Violin

Synopsis

All for strings is a comprehensive three-volume method surrounded by a wealth of supplementary materials for teaching and performance. This complete curriculum covers virtually every aspect of beginning through intermediate string study, emphasizing technical skills, rhythmic understanding, and quality musical experiences. Many of the National Standards for Music Education can be easily implemented into the classroom setting with the varied components All for Strings has to offer. Book 2 devotes many exercises and musical selections to the development of major and minor left hand finger patterns for all string players, as well as shifting for cellists and bassists. New bowing styles are introduced, and more advanced rhythm patterns are incorporated. As in Book 1, a great variety of solos, duets, trios, and ensembles are included - perfect for performance!

Customer Reviews

I like this better than Essential Elements for my students.

Fantastic book. Came on time in fantastic condition with that new book smell. LOVE IT. Buy this book from this dealer. Completely worth it.

Primarily I practice alone. Obviously my goal is to improve my playing skills. This work is helpful, organized, understandable and advancing my ability.

Thank you

as described, awesome price!

My daughter began violin lessons last year and she has just finished this book. My daughter was 7 when she started lessons. She has learned a lot from this book and I believe this book is a good beginner's book. I would recommend this book to other young or old wanting to learn to play violin.
