Customer Reviews

I have 2 other cajon books/DVDs I bought before I found this jewel. I wish I found this first as it includes everything in the other books and is explained MUCH better. Also, it includes techniques the others didn't mention. Video angles are superb. I felt like I was getting private lessons. Just a word of caution... the downloadable video files are in MP4 format, so make sure your player will handle them. My older DVD player didn't, but my cheap blu-ray player works just fine. Happy drumming!

Don't tell yourself you can't learn the cajon because you aren't 'musically inclined'. This book makes it so easy I can teach my cat how to do percussion. Just make sure to download the videos!

Just getting into the Cajon and this is a great book (with web access) to learn the basics... thanks
