Customer Reviews

I picked this Paleo Cookbook up after reading "Life it not Diet" and I thought it was a perfect addition, since it is based on similar principles. The book starts with an excellent introduction to what paleo diet is all about, and even informs the reader about the Paleo Lifestyle. Therefore it has much more value than a simple cookbook. Furthermore, chapter 2 provides with some ideas of useful cooking appliances, which, I am sure, the caveman would have enjoyed very much as well. Let's have a look at the recipes. They are a m a z i n g ! Whoever thought that Paleo Diet is synonym of poor preparation and bland boring dishes will learn better here. Paleo or not paleo, these recipes will please everybody, in addition to being low carb and a healthier alternative to most people's actual food choices. Try out the delicious Pina Colada Chicken.

I was looking for exactly this type of cookbook since last month. Anyways, I grabbed this book two weeks ago and found it so helpful. Actually, I love to read Recipe Book whenever I get few free times. Two weeks ago after hearing my interest on Paleo diet & its recipes, my elder cousin told & suggested me about this cookbook I just followed his suggestion and this book didn't disappoint me. I really loved & liked all these recipes that what I learned from here. The author

ÂçÂ ÂœAdele BarkerÂçÂ Â• has done an excellent job and described all these recipes & essential things about Paleo diet so clearly. I am pretty sure a newbie will not get any hassle or trouble to learn these recipes. Lastly, this is my honest opinion about the quality of this book & I would like to recommend thisÂ cookbookÂ to all interested readers.

To make eating healthy a lasting habit, I started with paleo diet. I read that this diet is also helpful to loss the weight, which is quite important for me. So, I downloaded more than a dozen books on the topic and found this one to be among the best. It was a good idea to scale recipes to different preparation times. I already tried some of the recipes that look delicious and healthy at the same time. They were easy to follow and pretty tasty. Important, they didn't contain any of the hard-to-find ingredients. I feel this cookbook can pave the path for a healthier life, making today healthier than yesterday.

Today, the Paleo eating routine is thought to be a standout amongst the most well known techniques to get in shape for models, Hollywood's performing artists and on-screen characters, and furthermore a typical program for bulk pick up in competitors and those included in wellness. The "stunning component" in this book is that all formulas are gathered by how much available time you need to set up your supper. No longer a well-kept mystery of the eating regimen industry, Paleo nourishment, in blend with physical exercise, contributes to loss of overabundance weight, as well as to the flood of life and vitality and change of general wellbeing. it has opened my eyes up to the many spending benevolent alternatives that are really accessible.

This is an excellent guide for those who wants to lose weight and plan to try the paleo diet. It describes the benefits of this diet; foods that can be and can not be eaten; very useful cutlery and gadgets that are designed to simplify and diversify cooking process. And the recipes look fantastic!! I liked delicious photos, nutritional information and the cooking process doesn't take a lot of time

Indeed, trans fats and sugar impact your health a lot. I assume, our ancestors consumed raw plant food like fruits, vegetables, nuts, and seeds. Ingesting totally unprocessed animal food doesn't look good for me though. In most cases, you need to cook meat and fish. So, the cookbook with appropriate recipes will be helpful. This one is really good.

I tried a lot of diets, but Paleo suits me the most. Thanks to this book, I learned to cook a lot of tasty

and not expensive meals. It is very pleasant that the author made an emphasis on the budget dishes. I really appreciate this and will give this book to my family and friends.

I've always been curious about the Paleo Diet as I've heard many of my friends discussing it and telling me great things. I stumbled across this book and am very glad that I did because it has opened my eyes up to the many budget friendly options that are actually available. In particular, the Paleo Fish & Chips and the Pina Colada Chicken were my favourites!! I highly recommend taking a look at the recipes here, you won't regret it!
