An easy text to read with modern-day principles. This text is cheaper in cost in comparison to other political science classes.

Wonderful purchase, & at a great price. The book was in perfect condition & I'm passing the course. SO I def recommend.

Good condition

great book for a beginner in politics/government

Way too expensive for the product!

Unreasonably expensive.

It's a textbook. Prettier than most of the ones I used, but I'd prefer not to pay for it at all.

The textbook might have been okay, but the professor I had made this text unbearable. It's difficult to access practice quizzes, and if you have to have this for a class, I am so sorry.
