Customer Reviews

Collins UK is a leading information-led publisher of illustrated and narrative non-fiction.

This map was a great for our recent trip to Ireland. It came in handy every day as we explored the countryside. It has most of the major roads and many of the minor ones as well. In most cases, when traveling in Ireland, you just have to go with the flow and assume you will get there eventually. We always added an extra hour or two onto our estimated driving time, just in case!

My wife and I used this map in conjunction with a road atlas and a Garmin to navigate through 1,300

miles in Ireland and I'd say although it was not absolutely required, it was nice to have a small handy map to quickly reference.

Very handy for the overall view and general direction. I used it with the Collins Ireland Comprehensive Road Atlas and was quite satisfied. Now if we could just get the Irish to use road signs!

Super Handy for driving in Ireland

I like the way this map folds out. Definitely handy and useful for planning my trip to Ireland. I look forward to using it while I'm there!

Great detail

Lots of detail, great for a driving tour!

Thin and in a sleeve so it will travel well.
