A Call To Power: The Grandmothers Speak (Volume 1)

Synopsis

A group of elderly women who call themselves "The Great Council of the Grandmothers"™ appeared to the author as she was walking her dog. These wise women—who represent all cultures and races of humanity—revealed to her their mission: "Earth has suffered too long from an excess of yang and insufficient yin. We have come to correct this." • Desperate times call for something new. As humans stand at the edge of the precipice, the winds of change blasting our backs, the universe throws us a lifeline. Help has appeared in the form of wise old women, the Great Council of the Grandmothers. "The present imbalance of energy on Earth has placed all life in danger," the Grandmothers declare. "It is time to return to balance, and for this, women must lead. Women must be empowered. This is why we have come." • The Grandmothers have come at this crucial time to awaken the presence of the deep feminine, to bring men and women and all life back into harmony. *A Call to Power* is the story of the author's encounters with these wise women and the powerful and important message that they bring.

This is a must have book!!! Sharon takes you into meditations with the GrandMothers... Empowerment ritual to connect with them to become a beacon to send healing to the planet, ourselves, and every being that is alive and needs healing. Connect with Beacons on the Net Of Life, that connects us all...

it seemed old news - jumping on the energy of our Earth Changes. I was found doubting her experiences.

This really resonated. That which Sharon describes from her experiences nearly 20 years ago, is twice as true today. Our bookclub of "core women" are using Sharon's meditations to open our session and we continue into our discussion of the book. We are getting ready to read Our Love is Our Power, her next book. I highly recommend this book.
