## **Synopsis**

Valrin was born of the sea, or so he was always told. Orphaned on a desolate island, he knows nothing of his true past and wonders of his future. . . until the unexpected arrival of a mysterious ship changes everything. For a fleeting moment, he feels like he might have an answer to everything and then his life is suddenly ripped apart. The one person that loved him is killed protecting him and a wanted sea-captain and his misfit crew become the only hope Valrin has. If he is to survive the coming darkness, he must learn who he truly is. But there is someone that will hunt him. Someone that will want him dead to prevent the mere chance of what he could become. He has a destiny to unlock but will he get there before he is destroyed?

Really enjoying this series. Just got part two and diving into it.

Loved learning about Vals and his connection to another series of JT Williams, the half elf

chronicles. Looking forward to the next book in this series. Highly recommend this book!

Good read, for a short story

The trilogy epic saga just keeps moving like a storm rolling in with lightening flashing and thunder rumbling on the land and seas

I have enjoyed this book. I'm about to read Book two. I follow you on facebook so I am excited about the new material. Keep up the great work!

I've had the privilege of riding along on the journey of the Half-Elf Chronicles since the beginning and as such grew to love the kind seafaring Vals from the first book. I was also there when JT asked us what he should write. So what I thought was going to be a short story about a secondary character turned into a full fledged story! And man was it good! If you are a fan of pirates, ships, magic, and awesome characters, then this is for you!

Valrin woke early in the morning. He was an orphan boy who caught eels for a living in the fishing town where he lived. A fisherman told him some dwarven ships were coming, so he gathered his eels to sell for bait. But the ship that arrived wasn't a fishing ship. A scary-looking dwarf announced that another ship might come with dangerous elves, men, and a witch and they would need to toss the contents of a bag he gave them into the water if they arrived. The ship did arrive and asked to purchase a tall tree to repair their damaged mast. Valrin's Aunt Tua told the fishers to go home and invited the Captain to her home while his crew went to get the tree. The captain seemed very interested that Valrin had been washed up from the sea, just as the captain himself had. There were tales about those special people, destined for the water. The captain handed a ring to Valrin and asked him to put it on. Certain people would be able to breathe underwater if they wore it, and the ring glowed on Valrin's finger. Aunt Tua brought out an amulet she'd saved for Valrin and the captain started to explain what it was when there was pounding on the door. The fishers had poisoned the crew and signaled the dwarves to attack. There was more going on than anyone knew, and danger was everywhere! Would anyone survive? Will Valrin discover his true destiny before it's too late? This was a short but very good story. I highly recommend it. I voluntarily read a review copy of this book and my comments reflect my honest opinion.

I started and finished this novella in one sitting. The story of Vals sucks you in right at the start. I like the way the story is evolving and I look forward to the next book!
