The Film Encyclopedia 7th Edition: The Complete Guide To Film And The Film Industry

Synopsis

“The best movie reference book, hands down” • (Newsweek) is now available in a deftly revised and meticulously updated seventh edition. Ephraim Katz’s celebrated and comprehensive cinema Bible, *The Film Encyclopedia*, has been lovingly expanded to include new, thorough coverage of independent films, the artistic and technical aspects of filmmaking, and the trends that lie close to the heart of today’s movie buff. Cinephiles will delight in new entries ranging from Sophia Coppola and Wes Anderson to *The Lord of the Rings* and *Captain America*. Built upon a foundation which inspired Katherine Hepburn to comment, “Wow! What a book!,” *The Film Encyclopedia 7e* is an indispensable addition to any movie fan’s home library.

Average Customer Review: 4.2 out of 5 stars 58 customer reviews

Best Sellers Rank: #227,087 in Books (See Top 100 in Books) #35 in Books > Humor & Entertainment > Movies > Encyclopedias #98 in Books > Humor & Entertainment > Movies > Guides & Reviews #128 in Books > Humor & Entertainment > Movies > Video > Reference

Customer Reviews

“Wow! What a book!” • (Katharine Hepburn) “Recommended for any reference collection in need of a world view of film.” • (Booklist) “The best movie reference book, hands down.” • (Newsweek)

Ephraim Katz’s *The Film Encyclopedia* is the most comprehensive single-volume encyclopedia on film and is considered the undisputed bible of the film industry. Completely revised and updated, this seventh edition features more than 7,500 A–Z entries on the artistic, technical, and commercial aspects of moviemaking, including: Directors, producers, actors, screenwriters, and cinematographers; Styles, genres, and schools of filmmaking; Motion picture studios and film

centers; Film-related organizations and events; Industry jargon and technical terms; Inventions, inventors, and equipment; Plus comprehensive listings of academy awardâ winning films And artists, top-grossing films, and much more!

I should first note that I purchased the Kindle edition of "The Film Encyclopedia 7e" and I am using a Kindle Paperwhite to access it. I mention this only because I have learned that Kindle eBooks accessed via non-Kindle devices, or even Kindle Fire devices running the Android OS, do not have the indexing and searching capabilities of a Kindle device running the native Kindle OS. In sum, accessing this eBook via my Kindle Paperwhite, I find that it has good indexing and searching capabilities (although it may take a few hours to complete the indexing after downloading), so please keep this in mind when reading other reviewers' comments to the contrary. That being said, this eBook is an excellent reference for those of us who love films, film history, and film technology. It's all here. Unlike the various movie review guides (which I also love), this eBook concentrates on the histories of the people behind the films: the actors, directors, and producers, as well as the lesser-known cinematographers, art directors, film editors, music composers, special and visual effects artists, costume designers, and others who are essential to producing films. It also addresses the history of the technologies and equipment used in making films, from the late 1800s to the present. Finally, it spends time on film-making trends, approaches, or movements, such as Expressionism, Neo-Realism, Film Noir, and so on. So, if you are interested in the histories of the people, things, or ideas that are involved in film making, this is the reference book for you! You might find it useful if you're on the beach somewhere, and you don't have (or don't want to have) access to IMDb, Wikipedia, and so on. You might also find that, in many cases, this eBook is actually more thorough and accurate than IMDb or Wikipedia (at least up to its publication date).

LOVE this book -- can look up stars from the 30s 40s 50s. Book was like new. Thanks

Great for the movie buff in your life! So well researched. What an accomplishment.

This was a total disappointment and a waste of money. It does not list any movies. It lists actors and film terms. Not what I wanted.

wasn't quite what I expected, but did like the quick delivery.

The book was not at all what I was expecting. Bought it as a gift and couldn't give it. It's poorly written.

Great reference book.

If you love great classic movies.... this is essential. Often much quicker than the various pages of imdb, and has info on many actors than are blank at imdb.
