I bought this as a birthday gift for my son (8 years old) who loves to play Minecraft and can sit for hours watching Stampy's videos. He's really enjoyed this book and often takes it out to run around the house asking everyone random questions or jokes. Some of the material is over his head a bit - but he enjoys it. For the price, you can't go wrong though. Just keep in mind that it's 99 jokes long, so the book is rather short. I certainly knew that buying the book, but it still feels light considering.

My son and daughter both love this! The jokes are cute without being offensive in the least - although they did have to explain the point of a couple.

My 10 year old son got this book for Christmas and loves it. He loves everything Stampy so it was a great fit for him. Read the entire book in a day. Very cute.

On my grandson's wishlist, he enjoys all the Stampy books. His Mom approves of the series so that is all I need to know.

Our 8 year old grandson loves this book.....we heard all the jokes the entire Christmas Day! Silly crazy jokes, and very age appropriate for 6 and above.

Jokes weren't very funny and for the most part did not relate to stampy

Seriously cheesy jokes, but my eight year old son is a huge Stampy fan and he absolutely loves this book.

As a mom, I'm not saying that I "got" all of the jokes BUT!!! My sons laughter was infectious!
