Customer Reviews

Becky A. Bailey, Ph.D., specializes in early childhood education and developmental psychology. Her lectures reach more than 20,000 people annually, and her awards include a Parents' Choice Foundation commendation for three of her parenting audiotapes. She has appeared on CNN, PBS, and The Hour of Power with Dr. Robert Schuller, among other programs. She lives in Oviedo, Florida.

The name says it all!!! Looking for an alternative to typical, everyday, traditional discipline methods? Nothing works when it comes to reaching your child or those in your classroom? Maybe you are

looking for new ways to create a positive community or family setting in your classroom or school. Look no further! Conscious Discipline is the way to go! Start with this book to get ideas for fun and loving rituals that support positive behaviors, and throw those old methods out the door!!!

I only wish I could have read this book sooner. It is filled with wonderful advice and strategies for all children especially children with special needs. Order it now. It will change your life for the better.

This book has revolutionized my student/teacher relationship with my toddlers as well as my mother/daughter relationship with my 5 year old. Connecting before correcting is the key to building a solid relationship, which is the foundation of emotional intelligence, cooperation and academic success.

I like reading this book to give me ideas on how to connect with my 2 year old. A lot of the ideas are too old for him, but can be modified to fit his age (although they don't tell you how).

Every parent and teacher needs a copy of this book

I love this book! Becky Bailey is my idol and I wish there were more teachers like her!!

I have found this book very helpful in my Title I setting pre-k classroom. So many children yearning for attention and this is a helpful tool for giving it. The book also reads very easily for those parents and teachers who do not need to wade through pages of theory. This gives helpful information and gets right to the point.

a very informative and helpful book, easily implemented suggestions that can and should be used by all parents, grandparents, aunts... Babysitters and most importantly teachers .
