Suzuki Violin School, Volume 2 - Violin Part & CD - Preucil

I love teaching with Suzuki! I found that I also love to play the cd as music and just listen to it. I absolutely love the option to have the violin and piano play or just the piano so my students can hear how it should sound and then try it on their own. I always recommend Suzuki to my teaching friends.

On time! Great quality great customer service. I have referred this item to several friends.

This is a good manual for those learning violin. It seems to be a good progressive teaching tool.

Perfect.

Just as we expected. This had the book and cd.

Just what I needed to get back into playing.

Ordered this but the CD did not come with it. Beware

thanks
